

5ghz 4x4 Mimo Sector Antenna Double Dual Slant

Our Product Introduction

Basic Information

Product Specification

- Highlight:
5ghz mimo sector antenna,
4x4 mimo sector antenna,
double dual slant mimo sector antenna

Product Description

Electrical	
Model	ANT4959D19A-60XXP
Frequency Range	4.9-5.9GHz
Gain	19dBi
Polarization	Double Dual Slant, $\pm 45^\circ$
- 3.0dB Azimuth Beam width	60° typ
- 3.0dB Elevation Beam width	4° typ
Front-To-Back Ratio	-25 db typ
Port To Port Isolation	20 dB typ
Cross Polarization	20 dB typ
VSWR	<1.5 typ
Maximum Power Per Port	20 watts
Impedance	50 ohms
Lightning Protection	DC ground
Mechanical	
Dimensions, H x W x D	700*260*30mm
Weight	5kg
Radome Material and Color	UV Stabilized ABS plastic, white
Reflector Material	Aluminum
Connector Type and Location	4 x N- Female
Operational Temperature	-45°C to 65°C
Mechanical Downtilt	-10° to +3°
Survival Wind Speed	125mph (201kph)

OEM & ODM for microwave communication antennas
